### **My Hope Never Runs Out**

*Understand this saith the Spirit of Grace, there is a natural hope and that hope runs out, But there is a heavenly hope in which I have spoken of in My word. Know this that hope will never run out saith the Spirit of Grace. That hope has an expectation in the worst of times. That hope has an expectation in the most desperate of times saith the Spirit of Grace. That hope has its best in your life when you utterly depend upon it against all reasoning of the mind saith the Spirit of Grace. When nothing else makes sense but God know this, My hope never runs out saith the Spirit of Grace. Hallelujah.*

### **I'm Trying to Get You Out of Egypt**

*For truly know and understand that because of a declaration of independence that you've declared publicly that your faith has been put on trial by the wicked one. He desires to make you a living spectacle among the nations and that those that wag their heads and say, they trusted in the Lord and spoke these things and yet they appear to be as worse off than the rest of the world or even as the rest of the world. But know this saith the Spirit of Grace that even those things that are supernatural, that come as a debate against truth, know that the one who stands and sees past the present darkness into a place where truth prevails will also take the spoils of war saith the Spirit of Grace; for know that when I brought out those, those great congregation of My children out of Egypt, they crossed over into a place of promise that I recorded what I'm capable of. For I said in My word there was not a feeble or sick one among them. If I can keep a whole congregation of tens and tens of thousands against sickness, disease, abnormalities in their bodies am I not able all the more to those who have been washed in the blood of My Son to cause them to appear before all nations as a special bunch that has learned who they are in their Father saith the Spirit of Grace. But I do not chide you and I do not rebuke you as some would think of the order of things. For the anger of man doth not produce the righteousness of God. But understand this that as I'm bringing you out I'm still having to change you and your affinity with the world and your understanding is because you have not yet divorced yourself in your understanding completely with understanding that I said that I draw an absolute line between the world and My children. And what is accessible on one side is not accessible on the other. My health for you to spring forth and absolutely look and not be, ( He made a real distinction in that) Many you've humbled yourself way beyond my standard (What is that Lord, I know it) He said the standard you humbled yourself before was you felt it was arrogance to proclaim among and around sick people and people going through desperate situations with their bodies with their finances and all those kinds of things you thought it, this is arrogance if I speak up and say "I will not be subject to those things" but I say unto you that the church has melted down to a place through the generations that they see themselves in the light of the world.*

*They see themselves having to get vaccinated from this and vaccinated from that and shot for that and shot for that but I say unto you there's emerging a church which is going to be persecuted by no not the world but the church within the church for they will say, what an arrogant bunch, but then they will have to testify at the end of their statements after watching you live on the other side of provision Spirit, Soul, and Body that your arrogance was only a revelation of who you were in Christ Jesus and you came forth victorious. For I have seen and again, please as a Father I do not, I do not chasten you sorely as with anger but I raise your expectations. What is it saith some, how is it that His word proclaims such a powerful place of victory and yet this is not my testimony or what I see My body breaking down, my soul breaking down, and all these things. For I say unto you there is a convincing that only comes through time spent in My word and in My Spirit and by the arguments that are coming know this that you yourself are choosing to come up above these things, you will not be sorry saith the Spirit of Grace. You will not be sorry. For as clay and steel cannot mix and they cannot provide a foundation. What is that? OK He said for me to tell you again He's not angry. He wanted you to know that just a little bit on the inside of many hearts it's a little bit little bit angry why He hasn't come, little bit, Ok, I'm describing it nice, Sometimes it turns into a fire So much so that you would like to take this (Bible in hand) and throw it against the wall cause it doesn't match up with, There's still He said I'm trying to get you out of Egypt. I'm trying to get you to believe. You will believe saith the Spirit of Grace. And the anger that's there at times in an accusing, I am not offended (Should I say that, I believe I can cause I'm not saying in first person I'm having to say it in second) He said, I'm not offended at you saith the Spirit of Grace. I am seeing you as children coming up against all odds and crying out in the midst of your infirmities, but know this if I could take a congregation of a million people (See I'm saying that out of my, you prophecy according to your knowledge, so they say there was a million or a million plus but whatever there was I'm prophesying in essence, now back to Him.) If I could take that congregation of those who come out, no feeble, no sickness, nothing for forty years, even when they died, they didn't die like most of the church is dieing. Hallelujah.*

**Breathe This Name**

*For I gave you this name to speak, to speak over all things and take dominion saith the Spirit of Grace. For understand this it is it is to the one who speaks that know me. For many speak that name and that name has no power on their lips but for the one who knows Me, the one who's been filled with My Spirit, has an understanding, knows that all things are possible through that name saith the Spirit of Grace. For I'll come if you'll breathe this name over your family and I'll come if you'll breathe this name over all your circumstances. For one thing that My church in the beginning had was an understanding of the simplicity of the power that was in this name. So continue to speak this name and believe that I will honor that name that is the name above all names. Hallelujah, Hallelujah Jesus.*

**Places of Solitude**

*Check those old places, those places of endeavor in My presence. For war, war, many in war, many are often run off from their places of solitude in my presence, but I never left and I am here. So check out and revisit places of intimacy and long lasting places of worship. I desire to baptize you over and over again so much so there's a freshness a freshness that is coming. I'd never leave you Fatherless, I said I would not. I know the war that many of you are facing I know I know what you've stood under just to speak my name. I know what you've stood under just to say I love you Father and I love you Jesus. So I promise you, I promise you as those that are not orphan that if you'll visit those places, lift up holy hands in places of solitude I'll visit you with refreshing's you'll wonder, you'll wonder how, how could it ever be so wonderful. The newness and the refreshing's. Hallelujah Jesus, Hallelujah Jesus, Hallelujah Jesus.*
