(Tongues...) Your love for Me will grow saith the Spirit of Grace and the things once that were hard will be made simple and you will even question yourself, am I not trying as hard as I was before when things seemed harder? Know this, there is a difficulty that comes by a mixture of offering up part flesh into the effort and part spirit. But know there is an increasing grace when you learn the place of staying in My presence where I can trade off your weaknesses for My strength and in that place those things which were once difficult will seem much easier. When you lean into these things as in leaning into Me and push towards Me get ready to know that when others are having a difficult time serving Me and going forward because of the flesh, you will be enjoying the fruit of peace and quietness and a fruitful spirit inside of Me saith the Spirit of Grace. Hallelujah Jesus!

(Tongues...) He loves you with an everlasting love saith the Spirit of Grace. The greatest agenda that heaven has is to bring you into more of the fullness of the revelation of My love to you for all things are accomplished in that place of My love. Not only does fear go but all of your sufficiency is entitled in that place of My agape to you. Confusion and the striving of this world, I have provided a place for you to escape from that. It's inside of My love and I desire even as I loved Him and He, the Firstborn knew the fullness of that love, I desire that you would know it to the measure that He knew it saith the Spirit of Grace. Hallelujah! Hallelujah!

(Tongues...) Expect saith the Spirit of Grace many wonderful changes in the year to come. Not because a calendar date is changing in the natural but know that because a foundation has been laid under you by My Spirit and by My Word. Those who choose it will begin in this year to excel. For all of the things that have been placed under you were meant for foundation but get ready for the walls and for the ceiling and for the roof to be placed on top of those things which have been laid. For you will see an acceleration of things by My Spirit. The things that you desire in the spirit, the things that you will pray for will come to pass because of the foundation that is in you. I can trust you now more than ever before because I see that My foundation is there and you have not been moved off of it. Now, because of this I promise as My word promises, that I will build My house and the gates of hell will not prevail against it saith the Spirit of Grace. Hallelujah Jesus!

(Tongues...) For many have sought things in the natural for years and still much of my church is seeking a natural plan of attack and even a natural plan as if believing that the end of their days exist on this earth so they are planning for their future here. But you who are spiritual are looking unto Me the author and finisher of your salvation. And knowing that it is all for that place over there, even the salvation of your family, their souls are dependant upon your walk. But those of you that have seen this and have chosen this know that even in the natural what others are running after and putting first place but you are choosing second place. No. Because you put Me first, all these other things will be added unto you saith the Spirit of Grace. Hallelujah Jesus! Hallelujah!

Seek first the Kingdom and all these other things will be added unto you... We worship you Jesus! When am I going to get mine? I don't know go ahead and get His and He will add all these other things unto you. Hallelujah Jesus!

Be about my Father's business and I will be about yours...

(Tongues...) You will find the climb to the top was much more it was much more places of training, places where you felt that you could go on no further. The sureness and the steadfastness of the view from the top will render you with absoluteness inside of you. An absoluteness and a certainty that when you come to this place where I am bringing you to, you will know that it was worth the climb to get to the place that you see these things from My vantage point saith the Spirit of Grace. Hallelujah!

(Tongues...) You said if the climb to the top is this hard how will I hold the ground once I get there? Know this, the battle is in the place that you are going but once you stand in the place that I will bring you to you must know that it will be established ground. It will be a wide spot. It will be a place where there will be plenty of room to go and do and live and be and provision for My revival and the outpouring that I am asking you to stand for. It will not be a narrow place. It will not be a place that will render you as in, vulnerable to this or that or the other but it will be a wide place. A place that you will have a sureness, a confidence, a security an absolute sense of security for everything that is underneath you that surrounds you as in family, as in those things that I have given you to steward in this life. know that the fight is for the place that I am asking you to go. If you will go there it is a place in Me that is beyond anything that you can imagine as in confidence and in assurance and in a surety saith the Spirit of Grace. Hallelujah Jesus! Glory be to God!
